JUNIOR FIRST AID CONTEST, BLAIRMORE, JULY 2, 1928

Eight teams will compete in the above contest, and are comprised of the following:

Class A.—Two boys' teams.

Class B.—Three boys' and three girls' teams.

Out of the above eight teams, four are from Coleman, three from Blairmore and one from Hillcrest.

The two teams and their leaders of Class A must be at the platform at 9.45 a.m. to draw lots for their order of competing, the first team will then commence promptly at 10 a.m.

The three teams of boys and the three teams of girls, Class B, and their leaders must be at the platform at 12.45 p.m. to draw lots for their order of competing. The girls will draw lots for first, second and third places; the boys will draw lots for fourth, fifth and sixth places.

The first team of girls will commence promptly at 1 p.m.

The platform will be located some 250 feet south east of the Arena (skating rink).

If it is unsuitable to hold the contest outside in case of inclement weather, arrangements will be made to hold the contest indoors.

After the draw has taken place for Class A, the No. 2 team will be under the charge of a member of the committee and will be confined in one of the tents, or a room, until No. 1 team has completed its platform problems.

The same procedure will follow after lunch, when the draw takes place for the girls and boys, Class B, the girls drawing No. 2 and 3 places will be under the charge of a lady member of the committee until their time of competing on the platform; the boys drawing No. 4, 5 and 6 places will be under the charge of a member of the committee until their time of competing and will be confined in some suitable tent or room.

K. of P. MEMORIAL SERVICE

The annual memorial service held in the Lodge Hall on Friday night last under the auspices of Livingstone Lodge, Knight of Pythias, and Greenhill Temple, Pythian Sisters, was well attended, quite a number being present from Hillcrest. The service was quite impressive. A feature of the service was a very able address delivered by Rev. Bro. Roy C. Taylor, of Hillcrest.

ADDITIONAL RELIEF FOR DEPOSITORS IN HOME BANK, SEPTEMBER

OTTAWA, June 22.—The additional relief to Home Bank depositors provided for at the recent session of parliament will be available probably in September, said Mr. Justice MacLean, president of the exchequer court, the tribunal which passes upon the claims. The extra amount of \$460,000 voted by parliament does not mean an extra allowance to those already paid what was coming to them under the provisions of the original act. Rather, it will cover cases which were ruled out because the claims were not filed in time, while other cases to meet which the funds were insufficient, will be dealt with fully. The maximum allowance, in cases of need, is 35 per cent of the amount on deposit. By the end of the year it is hoped to have the whole matter liquidated.

The Enterprise last week received a very comprehensive map of the country in northern Alberta, setting forth lands available for settlement in the Peace River country. These maps are available from the department of the interior, Ottawa, or anyone desiring to make a casual study of the situation may see same at our office.

HAVE YOUR CAR

LIGHTS ADJUSTED

The A.P.P. have asked us to insert the following:

It appears that there are a number of cars being driven in the Pass with "glare lights." Section 36, subsection 2, of the Vehicles and Highway Traffic Act provides: All lamps carried on the front of a motor vehicle shall be so arranged that no portion of the direct beam of reflected or refracted light issuing therefrom shall, measured seventy-five feet ahead of such lamps, rise above forty-two inches from the level surface on which the motor vehicle stands.

Thanks to the kindness of Mr. Hnatyshyn, a plot in the A.P.P. barracks grounds to test lights has been surveyed, and is now available to any person wishing to take advantage of same.

Each night a constable will be on duty to assist from 10 p.m. to 10.45 p.m. for one week from June 29th, after that period any person driving with glare lights will be prosecuted.

It has been noted that there is recently an increased volume of traffic in the Pass, especially over the week ends. In view of this the public are particularly requested to exercise every care in driving.

The speed limit in towns and villages, according to the Vehicles and Highway Traffic Act, is twenty (20) miles per hour. Any person driving over thirty (30) miles per hour outside these limits is liable to prosecution.

Over the last week end there were twelve automobile accidents reported to the police, the majority of which could have been avoided.

It has also been noted that pedestrians walking along the highway have been keeping to the right. Although there is no law in regard to this, traffic would be better regulated

if they would keep on the left side of the highway.

THE ELKS' CARNIVAL

Blairmore Elks' fourth annual carnival opens at the arena tomorrow night and will continue till Monday night, July 2nd.

The usual stalls will be in operation and the dancing pavilion and lunch counters will be operated.

The arena has been very nicely decorated for the occasion and the roof has been repaired, which will ensure patrons that the interior will be nice and dry this year should it be raining any of the nights.

Inspector Humby, of the Royal Canadian Mounted Police, has arrived in Fernie from Dawson City, accompanied by Mrs. Humby. Inspector

MINERS' PICNIC

HELD YESTERDAY

The annual picnic of the Blairmore miners and their families and friends took place yesterday, and though the affair was somewhat marred by rain showers, yet a good time was had. The greater part of the programme was carried out in the arena.

B.E.S.L. FIELD DAY

The second annual field day and sports, under the auspices of the Blairmore Branch of the Canadian Legion, B.E.S.L., will take place on the athletic grounds on Monday next. Programmes are being distributed announcing a splendid list of events.

Humby succeeds Inspector Field, recently transferred from Fernie.

WORLD HAPPENINGS
BRIEFLY TOLD

By an order-in-council the Saskatchewan Gasoline Act, 1928, has been amended to exempt all railway companies operating in Saskatchewan from payment of the tax.

Last year 63,000 British subjects from the United Kingdom were helped by the Government to settle overseas, states the "Overseas Settler."

Negotiations for trade treaties with several foreign countries, including Newfoundland, will be entered by the Canadian Government during the present year.

Dr. Otto Hamman, long a figure in German political life and chief of the press bureau of the foreign office from 1894 to 1915, is dead at the age of 76.

The equal franchise bill, giving women the vote at the age of 21 under the same terms as men, passed its third reading in the House of Lords, without discussion.

More beets, more parents, more oats, more flax and more wheat are produced annually at the Saskatchewan prison in Prince Albert than in any other penitentiary in Canada.

At Philadelphia the seaplane P.N. 12, carrying a useful load of 2,000 kilograms (approximately 4,400 pounds) broke the world's altitude record by ascending more than 12,000 feet.

A new five-cent air mail postage rate, to be effective August 1, is announced by Postmaster-General New, of the United States. A five cent air mail stamp has been authorized.

Dr. Fridtjof Nansen, famous Arctic explorer, told the International Congress of Aerial Navigation that in 1929 he intends to make an extended polar flight in a dirigible airship. He said this ship was now being constructed in Germany.

Put Trout in Mountain Lake

Experiment in Fish Culture Is Done Successfully in Jasper Park

After a journey of at least two thousand miles the largest group of United States immigrants that ever settled in Canada has established its home in Jasper National Park.

During the week-end 200,000 Brook trout fingerlings, all the way from Creco, Pennsylvania, were placed in the water of Maligne Lake. They came to Canada last winter as eggs and for months they have been carefully nursed in hatcheries especially constructed for them.

Herbert Davis, one of the park wardens, whose charge they were; watched them grow from eggs to fish, kept the cold water running at the proper temperature, and fed them with chopped liver. They were brought from Pennsylvania to Jasper by Canadian National Express, and were transferred to Maligne Lake by pack horse, wagon and automobile. There was no difficulty in these last 35 miles to keep the time in which they floated constantly moving, and they made the journey without mishap. The water of the lake was tested before they were lowered into it, and they showed themselves acclimated immediately. Oliver Bright of the Dominion Hatchery at Fort Qu'Appelle, superintended operations and Warden Davis kept watch over his pets until he saw them safe in their new home. The stocking of Maligne Lake with trout is one of the experiments being made in glacial waters by the Dominion Government.

Reason For Expansion

With Canadians eating on the average, 80 pounds of pork per capita per year, 75 pounds of beef, but only 10 pounds of lamb and mutton, there would seem every reason for expansion in the last named meat, according to a statement issued by the Canadian Co-operative Wool Growers Association.

Speeding Up Mail Service

Letters From British Isles Delivered From One To Four Days Earlier
Letter mail from the British Isles and Europe will be brought from one to four days quicker to Canada through the Canadian Air Mail Service, recently inaugurated.

The Canadian Post Office Department, following successful experiments made last year, has entered into contracts for the conveyance of mail by air, to and from trans-Atlantic steamers. Incoming steamers are met at Rimouski on the River St. Lawrence and letter mail is taken off and despatched by airplane to Montreal, Ottawa and Toronto. Mails for western points are carried in the plane to Toronto and from there sent on by train.

The advance in delivery is from twenty-four to seventy-two hours, depending on the time of arrival of the steamer, train connections, etc. On outgoing steamers a supplementary despatch is given to business correspondence by direct air service from Toronto, Ottawa, Montreal to Rimouski, where this mail is placed on a steamer sailing from Montreal or Quebec several hours previously. In this way a supplementary despatch is given to letters which would otherwise have had to wait the next outgoing steamer sailing perhaps three or four days later.

Although the Air Mail Service as at present operating is primarily intended to speed up the transmission of European mail, advantage is taken of the existing service to carry specially marked inter-city mail between Ottawa, Montreal and Toronto. No extra postage is charged on letters carried by the air mail.

For the French section, prizes were awarded respectively to Adjuitor Savard, La Patrie, Montreal, P.Q.; J. M. Etivall, La Solle, Quebec, P.Q.; and to Charles Gauthier, Le Droit, Ottawa, Ontario.

The judges for the English section formed into an adjudicating committee headed by Dr. James W. Robertson, chairman of the Central Council of the Canadian Red Cross Society were: Dr. Lorne Pierce, Editor, the Evening Press, Toronto; J. F. B. Livesay, general manager, Canadian Press, Toronto; J. M. Elson, Canadian Author's Association, Toronto; Professor G. M. Wrong, History Dept., University of Toronto.

For the French section, adjudicators were: Mr. Leon Lorraine, of the Commercial High Studies School, Montreal; Mr. Robert Choquette, professor of the University of Montreal; and Dr. Victor Morin, past president of the Canadian Authors' Association.

The contest was entered by sixty-one papers, but dozens more contributed editorials without actually entering the contest. Several million readers were thereby informed that it was Henri Dunant who actually originated the idea of Red Cross for the world, whereas, formerly, only a vague idea that Florence Nightingale had done so, existed in many people's minds. Florence Nightingale, however, was publicly acknowledged by Dunant in a speech in London in 1872, as having been his inspiration.

Our Fashion Book, illustrating the newest and most practical styles will be of interest to every home dress-maker. Price of the book 10 cents the copy.

An unusual apron, cleverly designed, that appears more like a pretty morning frock, is found in pattern No. 345. It features a comfortable fitting waist, which is cut in one with front panel. The side sections are gathered and a dainty sash ties at the back. Japanese pongee silk, cotton crepe in floral design, seashell prints or plain or figured satens will give unending service for general wear and will launder beautifully. Small, medium and large size. The medium size requires 3 1/2 yards 27-inch; 3 yards 32 or 36-inch; 2 1/4 yards 40-inch material with 1/2 yard 18-inch contrasting; and 2 1/4 yards binding. Price 25 cents the pattern.

Red Cross Editorial Contest

Congratulations Are Extended To the Winners in Both Daily and Weekly Sections

Congratulations are now being widely offered all over Canada to those who have won prizes in the recent editorial contest inaugurated by the Canadian Red Cross Society, for the best editorials published in the daily and weekly press of the Dominion, to celebrate the centenary of Henri Dunant and the founding of Red Cross for the world.

Prizes have been awarded to: Robert Henderson, of the St. Thomas Times-Journal, St. Thomas, Ontario, for the best editorial published in any daily paper, while Miss May Stuart Clendenan, of the Farmers' Advocate, London, Ontario, took the leading place in the weekly paper section in English. The other bright and clever people who won honors and prizes were: Second for dailies, H. B. Christie, The Expositor, Brantford, Ontario. Third, Miss Kenneth M. Haig, Manitoba Free Press, Winnipeg, Manitoba. It is worthy of note that Miss Clendenan is the present president of the Canadian Women's Press Club, while Miss Haig is a past president.

Prizes for the weekly papers in English: second, C. J. Allison, The Asquith Record, Asquith, Saskatchewan; third, C. W. Peterson, The Farm and Ranch Review, Calgary, Alberta.

For the French section, prizes were awarded respectively to Adjuitor Savard, La Patrie, Montreal, P.Q.; J. M. Etivall, La Solle, Quebec, P.Q.; and to Charles Gauthier, Le Droit, Ottawa, Ontario.

The judges for the English section formed into an adjudicating committee headed by Dr. James W. Robertson, chairman of the Central Council of the Canadian Red Cross Society were: Dr. Lorne Pierce, Editor, the Evening Press, Toronto; J. F. B. Livesay, general manager, Canadian Press, Toronto; J. M. Elson, Canadian Author's Association, Toronto; Professor G. M. Wrong, History Dept., University of Toronto.

For the French section, adjudicators were: Mr. Leon Lorraine, of the Commercial High Studies School, Montreal; Mr. Robert Choquette, professor of the University of Montreal; and Dr. Victor Morin, past president of the Canadian Authors' Association.

The contest was entered by sixty-one papers, but dozens more contributed editorials without actually entering the contest. Saskatchewan Anti-Tuberculosis League

Movement To Have Free Treatment Of All Patients At The Public Expense

The annual meeting of the Saskatchewan Anti-Tuberculosis League was held at the Senatorium, Fort Qu'Appelle, on Thursday, June 14th.

In addition to the routine business, Mr. A. B. Cook, the president and managing director, briefly outlined the work of the League to date, and stressed the imperative necessity of extending the activities of the League along preventive lines, such as the examination of known "Contact Cases." He pointed out that at present no funds were available for this work, and that it had been decided this year to proceed with the sale of Anti-Tuberculosis Christmas Seals, as was done in the other provinces of the Dominion and in the United States, where funds for both curative and preventive work are largely raised by this means.

Mr. J. J. Lamb, Secretary of the Municipal Health Insurance Association, and Mr. J. G. Knox, of Tuxford, Reeve of the Rural Municipality of Marquis No. 191, were elected to the Board of Directors to serve for a period of three years.

Two resolutions passed at the last Annual Convention of the Saskatchewan Association of Rural Municipalities, dealing with free treatment and examination of school children, were brought to the meeting and discussed. In view of the fact that resolutions had also been passed by the United Farmers, Saskatchewan Branch, and by the Independent Order of the Daughters of the Empire, endorsing the principle of free treatment, these resolutions were heartily endorsed by the meeting.

It was resolved that the Legislature be petitioned to amend the Sanatorium Act so that all classes of T.B. patients shall have free treatment available at the public expense. And further that the Government (b) Partly by all Urban and Rural Municipalities in the Province.

It was further suggested that the share of responsibility be apportioned as follows: The Government to undertake all capital expenditure required in furnishing the necessary sanatoria with their equipment, and also contribute toward the expense of care and treatment of \$1,000 per hospital day, and the balance of care and treatment cost to be paid semi-monthly by all municipalities of our province on an equitable basis. Also that the Convention request the Provincial Government to enact legislation making it compulsory that all children of school age be examined for the diagnosis of tuberculosis, and that subsequent to the first examination, examinations be held under the direction of the Department of Public Health.

Leaving the Mansion House with some regret at the shortness of the stay, we made the brief walk to the Guildhall as guests of the Central Markets Committee.

We entered the Guildhall with a feeling akin to reverence. If London is the heart of the Empire, the Guildhall is the heart of London. It has been the centre of stirring episodes throughout many centuries and the pillars of the Great Hall which were flicked by flames to a height of thirty feet, still bear the marks of the Great Fire of London.

Here the great images Gog and Magog are still on guard, and in this room on July 29th, 1515, Sir Robert Borden was accorded "the Freedom of the City of London," and tribute was paid to the gallant and tenacious defence of the Canadian Force in the Second Battle of Ypres.

Our luncheon table was set in the famous Art Gallery, a colorful surrounding of rare historic and rich artistic interest. This was fitting that Alderman W. P. Neil should preside at a luncheon to Canadian farmers for he was foremost in the efforts which secured the abolition of the embargo on Canadian cattle.

With us was the High Commissioner, Mr. Larkin. The principal toast was "The Great Dominion of Canada," in reply to which a striking tribute to the opportunities which Canada presents was given by the Hon. George Langley, who revealed that as an English workman he had passed and re-passed the Guildhall daily for eight years or more, but never in his wildest dreams had he thought he would one day dine there! It is difficult to convey the cordiality, the spirit of hospitality which marked the speeches on this occasion when London accorded us her highest honor in this ancient hall, or the pride with which the Corporation's most treasured possession was brought from the vaults for our inspection. This was the scepter which for over 1,000 years has been symbol of the City's dignity, and is carried before the newly crowned monarch at every coronation. With this we were shown a purse that was the gift of Queen Elizabeth. The dated souvenir match container ornamented with the City's coat of arms given to us after the luncheon was treasured by every member of the party, no less than the memory of the great day on which Canadian farmers were guests of the Empire's Capital.

Farmers' Marketing Tour

Canadian National Railways' Tour To Great Britain and Denmark, 1928

(Continued.)

The next morning saw us out even earlier than we were viewing the Show Hill Police Station, adjoining Smithfield Market, the finest police station in Great Britain, yet, notwithstanding its modernity, spaciousness and hygienic advantages and the interesting pictures of lovely ladies which we found in the policemen's recreation room, none of us really wished to stay.

From this last word in police stations we went to the smoke houses and "provision" establishment of Messrs George Bowles, Nicholls & Co., Ltd., where we were shown sides of bacon from twelve countries, including Canada. Mr. George J. Nicholls, Managing Director, compared the various qualities. Canadian bacon, he said, was the best in the world, and was also made with butter, these Chinese eggs were six years old and were broken and shown to be perfectly "fresh" no far as edibility was concerned. Both had large yolks and were examples of what eggs should be. A good deal was learned from Mr. Nicholls regarding the requirements of the British market and whose remarks brought forth many questions from the party.

We were now taken in hand by the Central Markets Committee of the Corporation of the City of London, who showed us Smithfield Meat Market and Smithfield Fruit and Vegetable Market including the extensions which are being made to the latter at a cost of \$10,000,000. We had scarcely time to reflect upon the history of this seven-hundred-year-old market-place, the largest meat market in the world, except to recall here, that Walter Tyler was slain by Sir William Walworth in the presence of King Richard II, and that it had been the scene of the burning of Protestant martyrs, for soon we were travelling through aisles of meat which permitted us to see the carcasses of 6,000 tons upon the hooks. All this meat had come into the market that morning and would be out of it by three that afternoon! Such is the meat-consuming power of Greater London. One of the secrets of the successful handling of meat in the Great Western Railway's depot which lies adjacent to the meat market, obviating the carting of meat through the streets. Access from the depot to the market is by two hydraulic lifts from each of which 100 to 150 sides of beef can be cleared every hour.

Every facility was afforded for asking questions of anybody in the markets, both meat and fruit and vegetable, and a mass of information was obtained in a short beating of the marketing of Canadian products.

After three hours of tireless investigation we were ready for the Mansion House and the reception of Lord Mayor and Lady Mayores, Sir Charles and Lady Batho. In the imposing house, where since the 18th century, the Lord Mayors of London have received their guests, princes, statesmen and other representatives from all lands, we were given a cordial welcome and made to feel at home.

During a pleasant and privileged half hour we were shown the old kitchen with the spits on which used to be roasted barons of beef, entertained in the great Egyptian Hall, and accorded a view of the City's gold plate.

Leaving the Mansion House with some regret at the shortness of the stay, we made the brief walk to the Guildhall as guests of the Central Markets Committee.

We entered the Guildhall with a feeling akin to reverence. If London is the heart of the Empire, the Guildhall is the heart of London. It has been the centre of stirring episodes throughout many centuries and the pillars of the Great Hall which were flicked by flames to a height of thirty feet, still bear the marks of the Great Fire of London.

Here the great images Gog and Magog are still on guard, and in this room on July 29th, 1515, Sir Robert Borden was accorded "the Freedom of the City of London," and tribute was paid to the gallant and tenacious defence of the Canadian Force in the Second Battle of Ypres.

Our luncheon table was set in the famous Art Gallery, a colorful surrounding of rare historic and rich artistic interest. This was fitting that Alderman W. P. Neil should preside at a luncheon to Canadian farmers for he was foremost in the efforts which secured the abolition of the embargo on Canadian cattle.

With us was the High Commissioner, Mr. Larkin. The principal toast was "The Great Dominion of Canada," in reply to which a striking tribute to the opportunities which Canada presents was given by the Hon. George Langley, who revealed that as an English workman he had passed and re-passed the Guildhall daily for eight years or more, but never in his wildest dreams had he thought he would one day dine there! It is difficult to convey the cordiality, the spirit of hospitality which marked the speeches on this occasion when London accorded us her highest honor in this ancient hall, or the pride with which the Corporation's most treasured possession was brought from the vaults for our inspection. This was the scepter which for over 1,000 years has been symbol of the City's dignity, and is carried before the newly crowned monarch at every coronation. With this we were shown a purse that was the gift of Queen Elizabeth. The dated souvenir match container ornamented with the City's coat of arms given to us after the luncheon was treasured by every member of the party, no less than the memory of the great day on which Canadian farmers were guests of the Empire's Capital.

WHY PATRONIZE THE MAIL ORDER HOUSE?

As we understand a similar award has been handed out to a Blairmore resident in connection with the same contest, we take pleasure in reproducing the following item from the Fernie Free Press:

"Mrs. A. Cummings has received a prize of \$10 for a letter stating why we should patronize Eaton's. It would be a good move for some patriotic person to offer a prize for the best letter why we should patronize home industry. Here is a wonderful field for the imagination. Think of a community without stores or other lines of industry. Think of having to write to Eaton's for every five cent purchase we needed, and this would be the logical result if Mrs. Cummings' ideas were adopted by the public generally."

CAR FOR EVERY NINE PERSONS IN ALBERTA

Alberta has 11.0 passenger automobiles per hundred of population, or approximately one car to every nine men, women and children in the province, according to figures issued from Ottawa during the past week. In this respect, Alberta stands fourth among the provinces of the Dominion; Ontario leading with 12.1 cars per hundred population and Saskatchewan and British Columbia with 11.1 per hundred. Corresponding figures for the other provinces are: New Brunswick, 5.4; Nova Scotia, 4.8; Prince Edward Island, 4.7; and Quebec, 3.8.

PROVERBIAL

A word once spoken, the fleetest horse cannot overtake it.
Men are not offended by a little extra courtesy.
A kind word keeps warm for three winters.
Cutting down a weed is not so good as uprooting.
When the flight is not high the fall is not heavy.
An inch of gold cannot buy an inch of time.

"WHERE IS ALBERTA?"

Here is a story from a Hamilton paper in which is exemplified what little knowledge some of our American friends have of Canada. While a Hamilton constable was patrolling his beat, he saw a large car, bearing an American license, and five passengers, draw up beside him.

"Where is Alberta?" demanded the driver.

The constable pointed westward.

"We have a friend there who is ill, and we're going over to spend the afternoon with him," explained one of the occupants.

When the bluecoat had recovered sufficiently from the shock, he hastily assured the tourists that their intention was an impossibility and, to demonstrate, he mentioned the mileage between the city and Alberta.

The visitors were crestfallen, telling the officer they had intended visiting their friend, who lives in Edmonton, in the afternoon and returning home the same night.

MASS PRODUCTION

The following item recently appeared in an Illinois paper: "Mr. and Mrs. John Beverlin are rejoicing over an eight-pound daughter, their sixth child since last Saturday."

"Mother, do liars ever go to heaven?"

"Why, no, dear," replied the mother in some surprise, "certainly not." There was quite a pause. Finally the boy said quietly: "Well, it must be mighty lonesome up there with only God and George Washington."

A lady recently entered the local hospital for treatment. After an examination, the doctor told her there was nothing wrong with her. All she needed was a rest.

Lady: "But, doctor, just look at the state of my tongue?"

Doctor: "Alright, madam, it needs a rest, too."

Rev. Dr. J. T. Ferguson, superintendent of missions, was in Blairmore on Sunday last and assisted at the evening service at the United church. Dr. Ferguson will soon be superannuated and will enter upon a well-deserved rest.

When MacTavish sold a five-cent cigar the customer—an old friend—observed that he pocketed the money. "Why don't you ring it up?" he asked. "You'll forget it," replied the Scot. "Ye ken I keep track in mah head until I get a dollar, and then I ring it up. It saves the wear-r and tear-r on the machine."—Scotsman.

Lady: "I like the dress, but it's too small for me. Could it be altered?" Famous Dress Designer: "Impossible, but if madam will go to our beauty parlor, she can be altered to fit the dress."

The idea of employing a lad of fifteen years of age to act as a spotter under the liquor act should be considered an unpardonable sin. This was undertaken recently by members of the A.P.P. in the Lethbridge district, and was strongly criticized by Mr. J. C. Hendry, a defending lawyer.

COWLEY HAPPENINGS

Robert Swinney and little son Byron were visitors in the neighborhood over the week end.

Mrs. Griffith was presented with a silver tomato spoon on Tuesday afternoon by the Mission Band, of which she has been superintendent for some time past.

The council of the Municipal District of Livingstone No. 70 met on Tuesday and in addition to routine business arranged the budget for divisions for the current year by allotting each an equal amount, plus the proportion of government road grant payable for work done on market roads. For two years the ratepayers have agitated for a division of revenue according to actual tax collections in each division, but this plan was hard to adopt, owing to the uncertainty of collections.

A pretty wedding was solemnized in the United church here at eleven o'clock on Wednesday morning, when Marjorie, the only daughter of Mr. and Mrs. Cowin, was united in marriage of Mr. Ralph Easterbrook, of Calgary. The church was tastefully decorated for the occasion with cut flowers and potted plants, when the bride entered the church on the arm of her father and took her place beside the groom under the white wedding arch, which was gracefully ornamented with small pink and yellow flowers that twined about and shadowed in folds of white crepe just beneath a cluster of wedding bells. The bride was charming in a gown of ivory crepe and georgette, with picture hat to match. The large bouquet of pink roses completed the attire. Rev. Mr. Griffith officiated, while Miss Jean Morrison played the wedding march. After the ceremony, many friends congratulated the happy pair as white lead rained in volleys from every angle. After the wedding luncheon, which was partaken of at the home of the bride, the young couple left by motor for a trip to the coast. On their return, they will reside in Calgary.

On Friday night the members of the Women's Institute and the Ladies' Aid joined forces to do honor to Mrs.

R. W. Griffith, who has been a faithful and devoted worker for both causes ever since she first came to Cowley some three years ago, when Mrs. Archie Swart kindly gave her home for the occasion. The evening passed in a jovial mood with music, songs and games. Around the hour of midnight a dainty and appetizing repast was served by the members of both organizations, after which a present of sterling silver, consisting of tray, teapot, sugar bowl and spoon holder, which were gold lined and dainty in the extreme, was presented to Mrs. Griffith. On behalf of the Women's Institute, Mrs. Wilford Fortier, president of that order, made a very able and fitting speech, while it was planned that Mrs. Heatherington, president of the Ladies' Aid, would do justice to this organization in like manner, but in her absence, Mrs. Morrison offered a few fitting words, all of which showed the appreciation in which Mrs. Griffith has been held during her stay here. Although our loss will be the gain of the people to whom she will soon be joined in similar works, we shall greatly miss her. In reply, Mrs. Griffith rose to the occasion and thanked both organizations and expressed her heart-felt appreciation in a neat speech, going back as she did and reviewing good works done by these organizations. While, she contended, it has been a pleasure and a privilege to have been among the people here and to do what she could, she expressed her regret at not having been able to do more. Mrs. Griffith has been a never-tiring worker, not only in women's organizations, but with the children as well, getting up concerts, etc., and taxing her health and well being. But her faithfulness and patience has had its reward in the love she has gained by the children and the wide circle of friends she has made. She has also been supervisor of the C.G.I.T. and head of the mission band here, as well as teacher in the Sunday school. In all her works she has been sympathetic, generous, broadminded and kind hearted. Among those present were: Mrs. R. W. Griffith, Mrs. E. S. Easterbrook, Mrs. William Tustian, Miss Helen Morrison, Mrs. M. A. Murphy, Mrs. Archie Swart, Mrs. Grant Smith, Miss Jean Morrison,

Miss Doris McDerm, Miss Isabel Morrison, Mrs. George Porter, Mrs. Wilford Fortier, Mrs. C. J. Bundy, Mrs. Fred Tustian, Mrs. H. C. Morrison, Mrs. P. McEwen, Mrs. Cowin and Mrs. James Leigh.

THE RULING PASSION

Golf's a mighty funny game,
I never got it right;
You buy a ball for ninety cents
Then knock it out of sight.
You hunt around in weeds and thorns
And find it in its den—
And take a club and try to knock
It out of sight again.

Safety First

The over-sized woman, explaining to her companion why she got off the car backwards, said that she overheard one of the strap-hangers who stood in front of her, whisper to a neighbor strap-hanger, that when the fat woman got up he was going to pinch her seat.

Outside a Butcher's Shop

For some considerable time the butcher had been annoyed by a boy constantly whistling outside his shop. At last he could stand it no longer, so going outside he said to the youngster: "What are you making all that noise for, you confounded scamp?" "I've lost my dog," answered the boy.

"Well," shouted the butcher, "do you think I've got him."
"I don't know, gu'n'r," grinned the kid, "but every time I whistle these sausages wriggle."

Characteristic

Although she has an assortment of hats, she wants a new one.
(That's the woman of it).
He says he thinks she can get along without it.
(That's the man of it).

She insists she can't, and she's going to get it.
(That's the woman of it).
He says "not if he knows it."
(That's the man of it).
She breaks down and weeps.
(That's the woman of it).
He gives in.
(That's the end of it).

The Psychology of Color on a World Cruise

CHERRY BLOSSOM TIME, JAPAN

MAGNETS FOR MERCHANT

Colors that run rampant in the four corners of the world provide the contrasts that make a lasting impression on the memory of the world traveler. Districts wholly different in their color scheme are but a few miles apart and the keynote of their striking contrast is color. Today we hear much about color psychology, its effect on the senses of people and of animals; and how it affects temperament and even health. Colors of the scattered ports of the world that burst from quaint bazaars and the costumes of the inhabitants in the streets, live with those of nature. The landscapes and seas differ: colors in architecture, and the colors of prices, peasant and paupers, gladden the eyes and make the blood run riot in union.

From New York on December 2 the Canadian Pacific steamship Empress

of Australia, will commence another cruise to the contrasting ports of the world. This vessel will make an entire circuit of the globe anchoring in 66 ports and visiting 21 different countries, covering during the four-months cruise approximately 23,400 miles. Puntal, the Capital of Madeira, and the first port of call is radiant with gaily colored houses and gardens. Costumes here are likewise brilliant. Naples with the wonderful blue of its sea and sky, with Mount Vesuvius at one side and the Islands of Capri, Ischia and Procida in the distance, affords a vision of loveliness. Japan in cherry blossom time is a fairland of color and sunshine, and Fujiyama towers above the masses of bloom, its white summit contrasted against the blue sky. New Year's eve in Cairo is most festive and here

colors run riot. The bazaars, the palaces and bright hued mosques with their numerous minarets and domes are color schemes of rare beauty. Each of the countries offers an ever-changing vista of color and strikes vividly into the memory, causing the traveller to become interested, consciously or not, in color psychology. One of the features of the world cruise of the Empress of Australia, is the way detail worries have been taken out of the hands of the members of the cruise party. From start to finish the ship is their home. Worries in connection with foreign money, customs regulations and language are a thing unknown to the passengers, as these details have been worked out months ahead and handled entirely by the cruise managers on board.

Champion Stallions of Four Countries

1. "Lord Willington," \$10,000, Canadian, one of the finest stallions ever bred in the Old Country. 2. W. J. McCallum, at left, about to board plane for Paris on horse-buying tour. 3. "Charm," \$10,000, English, one of the finest stallions ever bred in the Old Country. 4. "Commander of Morocco," an English champion imported by the shipowner.

What is considered to be the finest and most valuable shipment of horses ever to reach Canada arrived in Montreal recently from England and Europe on board the Canadian Pacific freighters, *Bosworth* and *Bellinghame*. The animals are owned by W. J. McCallum of Brampton, Ont., and Regina, Sask., and represent the pick of the champion heavy horses of England, Scotland, France and Belgium, having been purchased by Mr. McCallum during a 20,000-mile motor tour of the rural areas of the British Isles and the two countries of Europe. The horses were shipped to Brampton prior to being exhibited at the Winter Fairs to be held within the next few weeks at Toronto, Chicago, Guelph and Ottawa. Some idea of the value of the large shipment can be obtained by the fact that one of the horses included in the shipment, "Lord Willington," was purchased by Mr. McCallum for a price exceeding \$10,000. Over a quarter of a million dollars

has been invested by Mr. McCallum in Percherons, Clydesdales, Suffolks and Belgians. His first shipment to Canada this year included 14 animals which reached Montreal in August. The owner who crossed from England this trip aboard the *Metagama*, personally looks after the important details in connection with the handling of his horses. Questioned as to the damage done to the horse industry through the introduction of tractors and other mechanical farm implements to take the place of horses, Mr. McCallum stated that gasoline had done all the damage to the horse industry possible. There was a scarcity of good horses in Canada and Great Britain, he said, due to the fact that the number of good horses bred had greatly decreased. He believes that the introduction of high-class animals into the country will go a long way towards stimulating the raising of better quality horses. The history of a great number of

his horses carry the record of championships won at practically all the fairs and exhibitions in Great Britain, France and Belgium. "Lord Willington," the stallion for which he paid over \$10,000, is the most valuable horse with the present lot and one of the finest horses ever bred overseas. He was the only two-year-old winning double championships in Scotland this year, being champion at the Royal Show, Newport, Scotland, and champion at the Kilmarnock Show. This stallion will go back to Scotland for breeding purposes. Mr. McCallum's up-to-date method of engaging in the horse-buying industry is borne out by the fact that he does considerable travelling by air, and he recounts many exciting incidents when forced landings were made on account of fog and stormy weather. His systematic tours of rural districts in England, Scotland and Europe are done, however, by motor during the summer months.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1913)
March 28.—At Monday night's meeting, the town council decided to purchase a "protector" for use on cheques. At the same meeting the recommendation of "Bo" Drain and Frank Hinds that James R. Irwin be reinstated as chief of police at a salary of \$100 a month was defeated.

Coleman Liberals have decided to support the Labor candidate, William Powell, in the forthcoming elections. W. A. Beebe, of Blairmore, will likely run as a straight Liberal, opposing Powell.

The first general meeting of the Blairmore Football Club was held on Wednesday night, with R. B. Bartlett in the chair and Harold Pinkney acting secretary. Tom Hills was chosen manager of the local team.

The marriage of William Kilgannon to Miss Mary Ellen Murray took place at Belfast, Ireland, on March 4th. Mr. Kilgannon has arrived in Calgary and will be joined by Mrs. Kilgannon in about two months' time.

At a sitting of the district court here on Thursday last, Mr. L. H. Putnam, on behalf of the Bar, expressed regret at the proposed departure of Judge Crawford from the Macleod judicial district. In return, the judge thanked Mr. Putnam for kind expressions and stated that his visitations to the Crows' Nest Pass were amongst the most pleasant in his judicial career, and hoped that the same treatment that had been accorded him would be the lot of his successor, Judge McNeill.

Coleman Lodge No. 36, I.O.O.F., and Blairmore Lodge No. 68, will celebrate the ninety-fourth anniversary of the founding of the order in America by attending divine service at Coleman on April 20th, and at Bellevue on the 27th.

The Ford is without a doubt the best all-round car on the market. A. W. Robbins is local agent. For catalogue write W. G. Askey, Cowley, or the Ford Motor Co., Calgary.

Easter hats would be as much out

of place at the present time as the fracas over the giving of \$35,000,000 towards the fighting force of the British navy, which is occupying so much of the time of the Dominion government just now. Either can be done without.

Dick Marshall knocked out Kid Foley in the fifth round of a fifteen-round bout at the opera house on Saturday night.

Jim Allsopp had a very narrow escape in the blacksmith shop at the Bellevue mine last week. He was hit on the head with a heavy hammer and rendered unconscious for some time.

E. Bernard, liquidator of the Canadian Coal Consolidated Co., Ltd., left for Paris on Sunday night's train, where he had been called in connection with the company's reorganization.

At a basket social held in Blairmore on Thursday night last, forty baskets realized \$168, or an average price of \$4.20 per basket.

POPULAR C. P. R.

OFFICIAL PROMOTED

J. M. Cameron, who for the past thirteen years has held the post of general superintendent of the Calgary division of the Canadian Pacific Railway, has been promoted to the position of manager of C.P.R. lines on Vancouver Island, it is announced by Vice-President D. C. Coleman.

The appointment will take effect on July 1st, when Mr. Cameron will take up his headquarters at Victoria, succeeding E. Beasley, who is retiring after forty-five years' service with the company.

Early to bed
Early to rise,
And your girl goes out
With other guys.

Counsel for the victim of a motoring accident: "Gentlemen of the jury, the driver of the car states he was going only four miles an hour. Think of it! Think of the agony of my client, the victim, as the car drove over his body at four miles an hour!"

FOURTH FORTNIGHTLY

CROP REPORT

Early seeded wheat is now in the shot blade in many sections of the province and all grains are making rapid and vigorous growth, according to the telegraphic reports received on Friday by the department of agriculture for the fourth fortnightly crop report of the season. The entire province has benefited by the rains which have been general during the past two weeks, and the set-back which the crops in some areas received as a result of delayed germination is rapidly being recovered although some fields are somewhat patchy. Warm growing weather is now the most urgent requirement for crops to take full advantage of the abundant supply of moisture. Never in the history of the province has a crop been sown under better conditions as far as high quality of seed and treatment for disease are concerned, and never has more concerted action been taken to keep fields free from noxious weeds. Conditions are reported generally to be ideal for breaking and summer-fallowing, and the opinion is expressed that the acreage of new land brought under cultivation this season will again be of record proportions. Some seven thousand acres have been seeded to sugar beets in the southern part of the province, and of this acreage fully one-third is reported to be showing a perfect stand, with the remainder giving promise of a good average crop. Cutting of alfalfa and sweet clover has commenced in the south, but has been interrupted to some extent by the rains. Very little hail damage is reported in one or two districts, but crops in the affected areas are making a good recovery. Practically no insect injury to crops has occurred with the exception of the appearance of wireworms in some northern districts. Crops in the Peace River country are well advanced and in view of the increased acreage under crop this year in the north, conditions generally are considered promising for heavy grain shipments next fall and winter.

(Issued by Department of Agriculture, Edmonton, June 28).

All competitors in field sports must be holders of Amateur Cards issued by the Alberta Branch of the Amateur Athletic Union of Canada. For cards or application forms, apply to W. H. Chappell, Jr., Amateur Governor.
All disputes will be settled on the field by the Field Committee (G. A. Passmore, W. H. Chappell and P. C. Montalbetti).
No entrance fee will be charged to any competitor, but all competitors must wear an Admission Tag.

Mail your entries to
P. C. MONTALBETTI, Field Secretary,
P. O. Box "JM", Blairmore, Alberta.

ADMISSION TO THE FIELD—By Tag Only
Adults 50c Children 25c Grand Stand 25c extra

The Wonder Week of The Western World

1. Here we are! 2. The old stage coach. 3. A mountain of living fire. 4. A redman of the plains. 5. The guardian of the west.

The Calgary Stampede — Another introduction to the public of the world of the future. It is the Saddle and Rope; competing for Canadian and North American championship honors in picturesque, romantic and spectacular pageants and contests incidental to their country.
Here gather the redmen of the hills and plains, the cowboys and cowgirls from Rio Grande to the Peace River, the pioneers and the veterans of the original Royal Northwest Mounted Police who contributed so much to the growth of the West-to-day. Skill and brains will compete with skill and brains when the cowboys climb the bucking bronchos for the title of the world's bucking champ.
Thousands will see the old covered wagon race against the fleet barbed wire Indian riders, during the sack battle.
The exhibition stampede will be held July 9th to the 14th, and is to be opened by His Excellency Viscount Willingdon, who will ride at the head of the great stampede parade. He will be accompanied by Her Excellency Lady Willingdon who herself is to participate in several events during the week. For this particular event the Canadian Pacific Railway are co-operating to the extent of offering reduced rates to Banff with stop-over at Calgary, thus enabling visitors to guests of the Banff Springs Hotel which is only a three hours motor ride from Calgary.

CELEBRATED ENGLISH CO. IN REPERTORY AT BLAIRMORE

At the Blairmore opera house on Saturday, July 7th, at 8 o'clock, the world-famous Westminster Glee Singers will appear in a highly diversified programme. Particular attention has been paid to the choice of items, old-world glees, madrigals, part-songs, all being represented, with a choice assortment of National British songs, skilfully arranged for chorus.

The opportunity of hearing these wonderful examples of true genius and vocal art should not be missed by members of choral bodies, and the renderings of the Glee Singers will be found to be notable in their finish and artistic excellence. Folk-songs and nursery rhymes play an important part in the repertoire of the boy singers, whose fresh, high soprano voices are thrilling in their exquisite clearness and purity. Those who are familiar with the magnificent work of the historic cathedral and church choirs of England will be able to refresh old memories, while those who have not had this privilege will have a unique opportunity of hearing some of this beautiful music under ideal conditions. The world over, wherever the Westminster people have appeared, the audiences have evinced an enormous partiality for the songs of our forefathers, whether they be English, Scotch, Irish or Welsh, and which have proved a refreshing change from the everlasting rag-time and jazz.

Tickets for this extraordinary attraction can now be obtained at the Blairmore Pharmacy.

GUM-CHEWING

Will it be believed that the United States masticates some seventy million pounds of gum every year, that is about a hundred sticks for every man, woman and child in the country?

That means a trade of \$100,000,000 a year, which does seem to be rather a large sum of money to spend upon masticatory exercises.

The other nations upon earth use up some two million dollars worth of gum between them.

What is the explanation of the difference?—Family Herald and Weekly Star.

The Blairmore First Aid Association wishes to extend their thanks to the B. P. O. Elks for the use of their hall at the time Dr. Hodgetts, of Ottawa, conducted his examination of the senior and two junior First Aid teams of Blairmore.

West Indies Cruise of Recaptured Adventure

Four hundred years of strife with piracy and plotting are encompassed in the history of the islands of the Spanish Main. For all these bright islands are monuments of the days of conquest of explorers and pirates. The West Indies mirror the world in miniature or the way of the world, and one sees them today lying peaceful under tropical skies.

A modern voyage of re-discovery is no longer a matter of years or even months as is emphasized by the schedule of the proposed cruises to this region of romance by the Canadian Pacific liner Montroyal, which sails from New York on January 26 and February 29, each returning in 23 days.

Judging by the popularity of these cruises, the West Indies are still as tempting as they were to Columbus, Ponce de Leon, Drake, Cortes, Hawkins and a hundred others. Although there remain today no pirates, no rich galleons to sack, few buried treasures to seek, there still remains the bracing air on

silver seas, the beauties of coral islands, and of tropical life and many evidences of a historic past. Even in the matter of buried treasure everyone would like to surprise the world as did Lieut. George Williams who found amid some old ruins of Panama last year, by means of a violet ray detecting instrument, a treasure worth \$50,000. This mass of gold and jewels was unearthed on the site of San Jose Church, which was destroyed in 1671 by pirates under Sir Henry Morgan. Every spot on the west Indies cruises offers living testimony of a connection with the Old World. There is Cuba, the beautiful island,

once the pride of Spain; Jamaica, headquarters in the old days of famous pirates; Panama, the former highway of Spanish treasure trains and now a name of the world's greatest canal; Colombia, stronghold of Hispaniola; Curacao, a little bit of Holland in the Caribbean; Porto Rico, where Columbus rested and whence Ponce de Leon set forth to find the Fountain of Youth; Nassau, in the Bahamas, with its coral formations and sea gardens and Bermuda, the "Isle of the Blest". Such names as these recall exciting days of the past and furnish highlights in a voyage of recaptured adventure.

AS A MAN THINKETH SO IS HE

What is true of nations is true of individuals. A few years ago Canada was thinking of itself in terms of blue ruin and poverty. Result: poverty. Today it is thinking of itself as prosperous. Result: prosperity. The poverty was not real; neither, perhaps, is the prosperity. But the sense of poverty was there and now the feeling of prosperity is here. Can anybody doubt that it is best and wisest for a people to feel prosperous rather than poverty-stricken?

What is said here is not said to point a political argument. No political party has any monopoly of prosperity. It is the personal application that is intended. There can be no doubt that the surest way to prosperity for a man is to see himself prosperous. By so doing he attracts things to himself; friends, business, success, and all the stuff of life worth having. It is not really the possession of money that makes us prosperous. Money is but a symbol, after all. It is the thought of prosperity. "As a man thinketh in his heart so is he." Even the good Lord cannot make a man prosperous who is always thinking poverty.

If you want to be prosperous, think prosperity; talk prosperity; act prosperity. Live like the king you are. Be generous; don't be afraid to give. Spend freely; money in circulation helps everybody. Money hoarder helps nobody. John Smith owed his grocer ten dollars and paid it. The grocer owed his tailor ten dollars and paid him with John Smith's ten dollars. The tailor owed ten dollars to the butcher, who owed John Smith ten dollars. So when the tailor paid the butcher, the butcher paid John Smith, and everybody was paid and prosperous. Get the idea of prosperity in your mind and you will soon have the reality of prosperity on your affairs.—Strathmore Standard.

With the Royal Canadian Mounted Police taking over the duties of the Saskatchewan Provincial Police on June 1st, Corp. Elmer McDougall, of the former force, has been appointed in charge of the Avonlea detachment. Corp. McDougall is a brother of Mr. Joseph McDougall, of the West Canadian Collieries' staff.

SEIZURE AND REPAIR OF CAR RELEASES PURCHASER

Alberta automobile dealers will be interested in an important decision that was handed down in the county court at Vancouver recently in connection with the seizure of a car on which instalment payments were due. After the car was seized it was repaired and offered for sale without the knowledge of the original purchaser. This action on the part of the party seizing the car, the judge decided, released the original purchaser from liability under his agreement.

The action arose when the Motor Car Loan Company sought to recover \$225 from T. A. Bonner. This was dismissed by the judge.

Plaintiff sued for \$498 as a balance due under a conditional sale agreement for an automobile, and including about \$40 repairs to the car. After the instalments got in arrears, he company seized the automobile, repaired it to the extent of \$40, and offered it for sale. Shortly before the case was heard, the car was sold, and he alleged balance from Bonner under the agreement was \$225.

Bonner's lawyer raised the novel defense that plaintiff, in making repairs to the car without knowledge and consent of his client, had exercised ownership over it, and had repudiated the agreement, and was not entitled to the monies unpaid under it. Judge Grant sustained this plea.—The Retail Merchant.

POLICE FORCE OF MILITARY CHARACTER OPPOSED IN BRITAIN

In connection with the consideration of police organization in western Canada, a recent statement by Judge Atherley Jones, assize commissioner for the central criminal court, London, England, is of interest. Judge Jones, in commenting on some actions of the London police, severely criticized the militarization of the force, emphasizing the fact that when the force was founded by Sir Robert Peel, it was intended to be a civil body, but of more recent years it appeared to be taking on more of a military character.

HOW MANY COUNTIES WITHOUT BLIND PIGST.

In answer to the question, "Does Prohibition Pay?" the Catholic Advance, the official paper of the Roman Catholic church for the States of Kansas and Oklahoma, says: "An indirect result of prohibition, Kansas has \$200,000,000 in banks and \$67,000,000 in mortgages in other states. In Kansas there are 54 counties without any insane, 64 counties without any feebleminded, 96 counties without any inebriates, 38 counties without any poorhouses, 53 counties without any persons in jail, 165 counties without any representatives in the state legislature."

"Kansas has had prohibition in force longer than any other state in the union and its testimony ought to count for something in this prohibition controversy."

DRUNK IN CHARGE OF A CAR

Whether a man who has been drinking and is in an excited condition ought to be called drunk is a question which each individual will answer according to his own private views. But whether he is in a fit condition to have control of what may so easily become a highly lethal instrument is open to the test of fact. No matter how little he may have taken, no matter how reasonably he may be able to talk, if his hands are unsteady on the wheel, if his judgment seems to be slow in an emergency, then he is not fit for the responsibility he has undertaken.—London Evening Standard.

TO PRESERVE CHILDREN

Take one large grassy field, one half dozen children, two or three small dogs, a pinch of brook and some pebbles. Mix the children and dogs well together and put them in the field, stirring constantly. Four the brook over the pebbles and sprinkle the field with flowers. Spread over all a deep blue sky and bake in the hot sun. When brown remove and place in bath tub to cool.—Health Bulletin.

Davis Kemp is down from Trail to spend the week end.

STUDEBAKER

The Great Independent

wins automobile dealers as well as public with CHAMPION CARS

43% more Studebaker Dealers
this year in the Dominion

THE swing toward Studebaker is the inevitable result of adding spectacular performance to One-Price value—and then proving the stamina and speed of the cars by severe tests under official supervision.

All official records for fully equipped stock cars are now held by Studebaker. Never before has one manufacturer thus swept the boards.

When such performance can be bought at Studebaker's remarkable One-Price prices, why be content with less than a champion?

Studebaker's sensational proofs of speed and endurance come from engineering genius, quality materials, precision manufacture and rigid inspections. Because of these, any Studebaker may safely be driven 40 miles an hour the day you buy it.

Today in Studebaker and in Studebaker alone, you can buy the utmost in every phase of motoring—and behind it a name which for 76 years has meant dependable transportation. Come in, and drive a champion!

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church
may serve you.

Services for Sunday, July 1st, the
Pastor in charge:

SENIOR SCHOOL at 11 a.m. The

Y. P. Class are engaged in a most in-

teresting course of study. Each week

the study centers around some one of

the nationalities that are making

homes in Canada. The purpose of

each lesson is to gain an appreciation

of the achievements, and of the con-

tributions to the world's civilization

that have been made by these various

peoples. Each nation has an army of

great and noble sons and daughters

and each bring with them to their

new home much that will enrich the

land of their adoption. We have al-

ready studied Italy, Czechoslovakia

and Scotland. Next Sunday the sub-

ject will be Russia.

JUNIOR SCHOOL at 2 p.m.

EVENING WORSHIP at 7.30. The

Pastor will be assisted by Rev. H. N.

Konkle, of Toronto, who will deliver

the address. Mr. Konkle is the Can-

adian secretary of the interdenomi-

national mission to Lepers and at the

request of Mr. Smith he will tell of

the work being done for the sufferers

of this dread disease.

C.G.I.T. CAMP AT LEE LAKE be-

gins on Tuesday, July 3rd to July

10th. The Camp is properly super-

vised and the number of registrations

already handed in from the other

Pass towns indicate a great success.

Registration 50c, board \$5.00. Girls

in their 12th year and up are eligi-

ble. No, you don't have to be a mem-

ber of the C.G.I.T.

VACATION SCHOOL—July 9th to

27th, except Saturdays. All children

between the ages of four and twelve

are welcome. The children will enjoy

coming and will derive much benefit.

The programme is leisurely, new, dif-

ferent. It uses the play spirit of the

children at a time when they don't

know what to do with themselves, as

one little child said:

"My school is out;

My Sunday school is closed;

My music lessons are ended;
My physical training is over;
I have time for everything and
There's nothing to do."

The school will give them some-
thing to do. It will emphasize ser-
vice. They will do things for others
and for themselves. To build Chris-
tian character into their young lives
—that is the purpose of the school.

ST. LUKE'S CHURCH

Rev. V. S. Lord, of Bracket, will
hold services as follows on Sunday
next, 1st July, 1926:

Evening Service at 7 p.m.

There will be no Sunday school un-
til further notice.

BOBBED HAIR MEANS ITS LOSS

Death by torture is not so popu-
lar in China as it used to be. Me-
dieval forms of punishment have not
been entirely abandoned in the inter-
ior; but along the coast they are
gradually giving away to the more
modern method of shooting people
down in the streets. The shooting
process, practised by the nationalist
troops, makes no exception in favor
of girls and women. It is in fact
particularly directed at women with
bobbed hair.

"At least fourteen bobbed-haired
girls and women," says an Associated
Press dispatch from Canton, "have
been shot down by anti-red troops.
Bobbed hair is considered to be the
sign of a female communist in China."

Setting aside the questionable as-
sumption that every Chinese woman
who bobs her hair must necessarily
be a communist, it is interesting to
contemplate the relation of bobbed
hair to murder in the streets.

Fair trout fishing is being had up
the North Fork.

Tiger lilies are very plentiful in
the South Fork district.

Mr. Fred Knappman, who has been
teaching near Bow Island, will arrive
home this week end for the summer
vacation.

The following sign appears in an
English church: "Not everyone who
enters this church is converted. Watch
your handbag."

Mr. Harry Hammond, until recently
a member of the Blairmore detach-
ment of the A.P.P., is now in charge
of the Trochu detachment.

This Great Healing Oil Must Banish Eczema and Skin Troubles

Make up your mind today that you
are going to give your skin a real
chance to get well.
You've probably been, like a lot
of other people, convinced that the
only thing to use was an ointment
or salve (some of them are very
good) but in the big majority of
cases these sticky salves simply clog
the pores and the condition primarily
remains the same.
Go to any good druggist today and
get an original bottle of Moone's
Emerald Oil.
The very first application will give
you relief and a few short treat-
ments will thoroughly convince you
that by sticking faithfully to it for
a short while your skin troubles will
be a thing of the past.
Remember that Moone's Emerald
Oil is a clean, powerful penetrating
Antiseptic Oil that does not stain or
leave a greasy residue and that it
must give complete satisfaction or
your money cheerfully refunded.

Signs Of A Better Era

The period of prosperity now so generally prevalent throughout Canada and the United States, and the marked rise in industrial activity in all lines all over this continent, and which is being felt to a steadily increasing extent in Great Britain and other European countries, seems to present to some ill-informed minds and agitators an opportunity to once again revive the old "strike" weapon. When times are hard, business depressed, with large numbers of men unemployed and anxiously seeking work, the agitator urging men rejecting in employment to "strike" has a hard row to hoe, but when business is brisk, the vast majority of men employed, and an increasing demand for labor, the agitator sees his opportunity to make trouble.

Fortunately, both employers and employees have learned from past bitter experiences that industrial warfare does not pay, any more than does war between nations; that the victor suffers almost as great damage as does the vanquished; and the general public which after all is the greatest sufferer in now more and more inclined to sternly oppose the calling of a "strike."

Relations between the bosses on the one side, and the men on the other have been bettered and become more cordial in recent years through a realization of a truth, which ought to have been recognized long ago, that, in the final analysis, their interests are common. Employers today do not regard their men as mere machines, but as real and active partners in the success of the business in which they are jointly engaged, and the average workman today recognizes that his employer has few problems and difficulties to face in successfully administering and maintaining his business in a highly organized and fiercely competitive world.

Recently an attempt was made to induce all the employees of the Toronto Street Railway system to go out on strike to enforce a series of demands made by them. To top up the street railway system in a city like Toronto would be a public calamity, resulting in great inconvenience to everybody and an enormous loss to the entire community. The Toronto street railway is municipally owned—that is, it belongs to all the people. The management pointed out that to meet the men's demands would necessitate an increase in fares. This brought the issue right home to every resident, and particularly to all classes of workmen in the city who are among the principal users of the cars. Had the system been privately owned, people would probably have felt that any increased expense to meet the men's demands could be met out of profits, and that any increase in fares was unnecessary, but in a municipally-owned system, operated to provide service rather than to accumulate profits, the statement of the management was accepted not as a bluff, and that either increased fares, or operating deficits to be made up out of increased taxes, must result.

So, when the matter of calling a "strike" finally came to a vote of the street railway employees, the men themselves rejected it by a ten to one vote in favor of arbitration, a very healthy indication of sane thinking on the part of the men and of the present trend of public sentiment.

Another Toronto labor incident may be cited as indicating the newer and more reasonable point of view now actuating labor men. Structural steel workers on three of the largest buildings in the city went on strike to compel their employers to establish a closed shop and employ only union men, which would be a reversal of the Company's policy during the last forty years of making no distinction between union and non-union men but treating them all frankly and alike. The steel workers have sought to induce other branches of the building trades to go on strike in sympathy with them, but without success, and even the International Union, it is understood, refuses to endorse the attitude of the strikers.

The fact is becoming increasingly evident that in this age the bludgeon methods of war are growing more and more in disfavor, no matter in what direction or cause they may be employed. People are becoming more insistent all the time that causes of dispute, whether between nations, or in the industrial arena, or between individuals, be settled through the orderly processes of law and arbitration, and not by fighting at each other's throats and engaging in combat in which countless thousands of absolutely innocent persons are made to suffer.

Alberta's Coal Resources

Official Figures Place Total At Over a Billion Tons

An estimate of Alberta's coal resources, made recently by the International Geological congress, places the total at 1,035,629 million tons, according to figures received by the provincial government. This is 14 per cent. of the world's coal supply, 72 per cent. of the British Empire resources, and 87 per cent. of Canada's resources.

The mines presently operating in Alberta are capable of producing 15,000,000 tons annually, and it has been estimated that if this production

HE DIDN'T THINK DYSENTERY COULD BE RELIEVED

Mr. John Melling, Fener, Alta., writes:—"I am a returned soldier, and when I came home from overseas I suffered greatly with dysentery. The doctor said it was chronic and did not think it could be relieved. However, he doctored me for quite a while, but did me no good. One day the druggist asked me if I had ever tried

"On his recommendation I bought a bottle and after I had taken it got some relief, so I got more, and have never had the dysentery since 1925."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

W. N. U. 1739

tion were increased 100 times, that the available supply would not be exhausted for 18 centuries.

A Non-Inflammable Fuel

Invention Of Russian Engineer Has Been Successfully Demonstrated. Fire prevention in the aeroplane is still a problem of the greatest importance. One solution lies in the production of a non-inflammable fuel which can be utilized in the present conventional type of aircraft engine.

A Russian engineer, Makonine, is reported to have achieved success in this direction. By a secret chemical process he is able to convert heavy mineral and vegetable oils into a light liquid fuel which is non-inflammable outside the engine. It can be used in the ordinary carburetor-type internal-combustion engine and will deliver more power for a given weight. These claims are said to have been demonstrated by a variety of official tests.

First Surgeon—"Are you going to operate on this patient?" Second Surgeon—"I'm afraid to; there's something the matter with him."

Grapes grown in Holland and Belgium can be sent by water to London at a much lower cost than similar fruit grown in the south of England can travel by rail.

The physical and mechanical properties of Sitka spruce and its availability in long straight-grained pieces have made it the most valuable timber for aeroplane construction.

An enemy knocks a man down, then a friend proceeds to kick him.

For Hay Fever—use Minard's.

Obtains Second Place

Blind Student At Brantford Successful In Essay Contest.

Obtaining second place among 200 contestants all over the Dominion in a recent essay contest, a blind boy student at Ontario School for the Blind, Brantford, will receive congratulations of the acting minister of education, Hon. W. H. Price, conveyed by Dr. A. H. U. Colquhoun, deputy minister, to Supp. Race, Ernest Phillips, writing upon the subject, "Laura Secord, the Woman Who Made Confederation Possible," attained the highest place but one in this large field, and, in addition, three other pupils of the school received special prizes.

RHEUMATIC PAINS DUE TO THIN BLOOD

Relief Comes Through the Use Of Dr. Williams' Pink Pills.

The next a rheumatic sufferer can hope for in rubbing something on the swollen, aching joints is a little relief, and all the while the trouble is becoming more firmly rooted. It is now known that rheumatism is rooted in the blood, and that as the blood becomes thinner and watery, it still further thins and watery. To get rid of rheumatism, therefore, you must go to the root of the trouble in the blood. That is why Dr. Williams' Pink Pills are so beneficial when taken for this trouble. They make new, rich blood which expels the poisonous acid and the rheumatism disappears.

There are thousands of former rheumatic sufferers in Canada, now well and strong, who thank Dr. Williams' Pink Pills that they are now free from the "red-hot" pains and the rheumatic trouble. One of these Mrs. W. F. Tait, McKellar, Ont., who says:—"I am one of the willing ones to tell you of the great benefits I received from the use of Dr. Williams' Pink Pills. I had been bed for seven weeks suffering untold agony with inflammatory rheumatism, relief finally came through the use of this medicine. I could not move in bed any of the time, and I could only sleep when opiates were given me. The medical treatment I was taking seemed of no avail. Then I was advised to try Dr. Williams' Pink Pills, and soon began to get relief. After taking six or eight boxes the rheumatism was banished and I had never felt better in my life. It is several years since this happened and I have had no return of the trouble since. I may add that I recommended the pills to two of my friends who were suffering with rheumatism, and the pills were equally effective in both cases." Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In England and Scandinavian countries traffic keeps to the left; in most other European countries to the right, according to the National Automobile Club.

A primitive people have been discovered a few hundred miles south of the Mediterranean, living in holes in the ground.

Let Gum-Dipped Tires Save You Money

Only in Firestone tires can you get the advantages of the exclusive Firestone Gum-Dipping process by which every fibre of every cord is insulated with rubber which prevents internal heat and friction—the greatest enemy of tire life.

This is the reason why Firestone tires give thousands of extra miles. They cost no more than ordinary tires. See the nearest Firestone Dealer.

RED CROSS AS FAIRY GODMOTHER

A Radio Tale Of The Far North Of Alberta

In the far north of Alberta stands a little house in the woods, looking like Wendy's House in the Never-never Land for Lost Boys. Here dwells a Scottish settler, his wife and family, and with them the grandparents and their family. Times had gone hard with the pioneers from the Land of the Heather. Crops had failed, and the cold of Canada seemed more, even to their brave Scottish blood.

Food was none too plentiful, clothing was scanty and bedding bare. The young wife, already a mother of several bonny looking bairns, was expecting to present to the land of the adoption the greatest gift of all—a new Canadian.

Prospects looked bad to this Scottish family, friends were far away over the seas and the hills of their native land. To whom could they turn in their hour of trouble?

Neighbors were few and far between, but kindly and considerate as all Westerners are. In one German home there was a radio, a new toy, that was proving not a plaything but an ever present friend. It gave the latest news of the day to the people of the far northland. Music was theirs, and song and speech. Then one day there came a new feature, a voice telling of the great Red Cross and what it was doing to build a better and healthier Canada.

Suddenly the blue-eyed German said: "Mitigating suffering," said the voice, "wherever found." Other voices joined in chorus, "Helping the Sufferer, cheering the new comer, sending relief, caring for Mothers and Babies." Then the smile grew wider, for here at their own doors was just such a case as the Red Cross was able to succor full efficiency.

The Golden Rule was put in action at once and through the neighborliness of a German friend a fine new Scottish-Canadian was born under the Red Cross flag.

Golf Week At Jasper Park

Events At Jasper Park Lodge Golf Course, Jasper, Alta., September 10th to 15th inclusive.

Saturday, Sept. 10th (Morning)—Handicap match against par, eighteen holes. Players allowed three-quarters of medal handicap. Extra money to arrange their pairs. (Afternoon)—Ladies' handicap — "Match against par."

Monday, Sept. 10th (Morning)—Inter-Province and State competition. Teams of six players from provinces or states. Total of medal round of all contestants for 18 holes to be contested. Individual prizes to winning team members. (Afternoon)—Mixed foursome matches against Bogey, 50 per cent. of combined handicaps.

Tuesday, Sept. 11th (Morning)—Jasper Park Lodge Silver Totem Pole Trophy. Qualifying round eighteen holes. Gold medal for best qualifying score. Silver Totem Pole Trophy to winner of first sixteen. Suitable trophies to winner to second and other sixteen. (Afternoon)—Ladies' qualifying round.

Wednesday, Sept. 12th (Morning)—Jasper Totem Pole Trophy. First round, eighteen holes; all flights. (Afternoon)—Ladies' first round; all flights.

Thursday, Sept. 13th (Morning)—Jasper Totem Pole Trophy. Second round, eighteen holes; all flights. (Afternoon)—Mixed foursomes — "Match against C.O.G.U. par 3/4 of combined handicap."

Friday, Sept. 14th (Morning)—Jasper Totem Pole Trophy. Finals; all flights. Men and ladies. (Afternoon)—Mixed foursomes — "Match against C.O.G.U. par 3/4 of combined handicap."

Saturday, Sept. 15th (Morning)—Jasper Totem Pole Trophy. Finals; all flights. (Afternoon)—Ladies' putting competition. 5 p.m.—Prize giving.

The winner of the first 16 in the Totem Pole Trophy competition will receive a reduced facsimile of the trophy, which will be his permanent possession. The trophy itself, upon the giving of bond, may be held for a year by the club from which the winner enters.

Send Beavers To Scotland. Canada has donated a pair of live beavers to the Zoological Society of Scotland.

Three little animals, captured and conditioned in Jasper National Park, were transported to Montreal and placed aboard the S.S. Cairnair. Their destination is the Zoological Gardens at Edinburgh.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is also used in clearing the system of worms and restoring those healthy conditions without which there can be no comfort for the child, or hope of robust growth. It is a most trustworthy worm exterminator.

The number of persons employed in road construction in Canada in 1926 reached a total of 28,071, and was greater than in any of the past seven years.

For Rheumatism use Minard's Liniment.

Care For Your Hair With Cuticura Soap

And Cuticura Ointment. Before shampooing, rub Cuticura Soap on your hair over night when possible. Then shampoo with a suds of Cuticura Soap and warm water. Rinse thoroughly. A clean, healthy scalp means good hair.

Sample Book Free by Mail. Address: Cuticura Department, P.O. Box 100, Lowell, Mass., U.S.A.

Seventh British Dominion

Palatine In Line For This Position Says Jewish Leader

That Palestine would eventually become a seventh British Dominion was the prediction made by Dr. Schmery Levin, Jewish leader, who opened the United Palestine Appeal for Western Canada recently.

"Great Britain is in Palestine to stay," declared Dr. Levin. "Her mandate will only be withdrawn when the Jewish nation shall have established itself as one of the commonwealths of British nations. Great Britain needs Palestine as the key-stone country in the Near East and as a guardian state of the Suez Canal. In fact, she needs the Jews fully as much as they need her," he asserted.

Dr. Levin reported that the crisis which Palestine had recently undergone was almost over. Jewish settlers were making a striking success in agriculture. Oranges produced on Jewish farms were obtaining 20 per cent. higher prices than those from other countries.

Wretched From Asthma. Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. You can live under the cloud of recurring attacks and keep body and mind at their full efficiency. Dr. J. D. Kellogg's Asthma Remedy dissipates the cloud by removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

A Land Of Farm Owners

Western Canada is a land of farm owners, according to census revelations. In Manitoba more than 51 per cent. of occupied farms are inhabited by their owners; in Saskatchewan over 77 per cent. and in Alberta over 70 per cent.

Nail GYPROC right over Old Walls

GYPROC Advantages for Farm Buildings

Easy to use. Low cost. Workable as lumber. Cannot warp, burn, crack, shrink or burst. Takes any decorative finish. Resists heat and cold. Vermin proof. Eliminates repairs. Ideal for lining garages. Three little animals, captured and conditioned in Jasper National Park, were transported to Montreal and placed aboard the S.S. Cairnair. Their destination is the Zoological Gardens at Edinburgh.

Use Gyproc for partitioning off extra rooms, renovating attics and basements, and making grain bins, stables and other farm buildings fire-safe and vermin-proof. You can put it up yourself—easily, quickly and at a substantial saving.

Gyproc Joint Filler applied at all the joints insures a perfectly smooth, flat surface that will take any decoration.

EXPECT RETURN OF RESOURCES TO COME SOON

Ottawa.—There is every prospect that the present year will see important developments in the financial relations between the Dominion and all the provinces as affecting the subsidies which are annually granted. The matter, it is known, has been under consideration already and will be further considered when, during the summer months, negotiations occur with the western provinces respecting the return of their natural resources.

Similarly, the subject was a most important feature of the agenda of the Dominion-wide conference last fall.

It is understood that the Dominion government is anxious to have a specific delimitation of its sphere and those of the provinces and to avoid overlapping even to the extent of federal subdivisions of local works. The grants for highway improvement are not being renewed while the aid to technical education is also lapsing.

Saskatchewan's public lands have been so extensively alienated that it is likely to claim in addition to the return of what remains of its domain the full subsidy of \$1,250,000 per year to which it was entitled when it had a population of 800,000.

For such a concession by the Dominion government the outlook is not unfavorable.

Will Aid Canadian Ports

Grain Commissioners Promise Support To Vancouver and Other Ports

Vancouver.—The Board of Grain Commissioners of Canada will exert every effort to aid the port of Vancouver, and keep Canadian grain moving over Canadian railways and through Canadian ports. Vancouver has in its few years of grain experience developed the grain handling facilities to a science and has proven capable of handling any quantity turned westward.

These sentiments, together with a note of warning that United States ports and transportation interests looked with eager eyes on the grain crop of Canada, were expressed by Leslie H. Boyd, chairman of the Dominion Board of Grain Commissioners, here. The occasion was the banquet celebration of the 80,000,000th bushel of grain given by the Vancouver merchants' exchange. More than a hundred grain and shipping men attended, the guests including, besides Mr. Boyd, James Robinson, and Matthew Shaw, and Secretary Rathbone of the Board of Grain Commissioners.

Col. R. D. Williams, president of the Vancouver Merchants' Exchange was chairman and in a speech the 80,000,000th bushel gave a resume of the history of the local trade. "I am not given to prediction but I feel quite sure that Vancouver will see the 120,000,000th bushel mark during the 1922-23 season," declared F. R. McD. Russell, chairman of the Vancouver harbor board.

Given Command In India

General Chetwode Appointed Chief Of General Staff

London.—General Sir Philip Chetwode, member of the army council, has been appointed chief of the general staff in India. He succeeds Lieut.-Gen. Sir A. Skeen, who had served under the commander-in-chief, Field Marshal Sir W. R. Birdwood, since 1924.

Gen. Chetwode was the author of the military plan by which Field Marshal Sir Edmund Allenby pursued the offensive in Palestine during the war. Up to last year Gen. Chetwode was commander-in-chief of the Aldershot command. He is 59 years old and served throughout the war.

Public Schools To Teach Piano
Port Arthur, Ont.—Pupils at the public schools will be given the opportunity, at the opening of the fall term, to take piano lessons as part of the school curriculum, it has been decided by the Board of Education. The Canadian Bureau for the Advancement of Music being authorized to make the necessary arrangements.

Memorial To Coal Miner

Lethbridge, Alta.—Plans are progressing rapidly for the unveiling here, July 18, of the memorial cairn in honor of Nick Shearer, Alberta's first coal producer, who in 1872 opened out the first mine on the banks of Belly River.

W. N. U. 1739

Tragedy In Belgrade

Two Members Of Serbian Parliament Are Killed By Radical Deputy
Belgrade, Jugoslavia.—Infuriated by frequent interruption and the refusal of the opposition to withdraw insulting words, Punicia Raditch, Radical deputy, drew a revolver during a session of the national assembly and fired all six rounds into the group of opposition members.

Paul Raditch, nephew of Stefan Raditch, the peasant leader, was seriously wounded. The Croat deputy, Dr. Basaritchek, was so gravely wounded that he died on his way to the hospital.

Dr. Pernar and two other deputies, Grandja and Jelasic, also received bullet wounds of a dangerous nature.

This was the culmination of fierce controversies and hand-to-hand fights which have recently taken place in the Jugoslav parliament. The crime is considered the most terrible since the memorable assassination of King Alexander and Queen Draga, just 20 years ago this month. It has thrown the whole of Jugoslavia into a ferment of excitement.

Parliament had scarcely opened this morning when the opposition, led by Stefan Raditch, began its obstructionist tactics against the government's legislation in the forefront of which is ratification of the Nettuno convention with Italy.

At the height of the angry debate Stefan Raditch, turning to the government benches and shaking his finger, shouted: "You are not men; you are swine!"

Privy Council Ruling Important To Dominions

Judgment Rendered In Regard To Writ Of Habeas Corpus

London.—A judgment of grave constitutional importance to His Majesty's subjects in Britain and the overseas Dominions has been rendered by the judicial committee of the Privy Council on an appeal from Nigeria.

In effect, Their Lordships decided that although by the Judiciary Act, various courts have been combined into one high court, each judge of that court still has jurisdiction to entertain an application for writ of habeas corpus either in term time or vacation, and he is bound to hear and determine such application on its merits, notwithstanding any previous judicial findings.

This principle must apply to the Supreme Court of Nigeria, they said in allowing the appeal of Eshugbayi Eleko, a native of the colony of the Nigerian Supreme Court which had found that Mr. Justice Twiss, of Nigeria, had no jurisdiction to entertain Eshugbayi's motion for a writ of habeas corpus.

Tribute For Pilot

Credit For Latest Atlantic Flight Given To Stultz

London.—Talking to London's assembled newspaper men recently, Miss Earhart declared firmly and emphatically that during her brief stay in England she did not wish to be named of "hero worship."

"I have done nothing to merit it," she said. "It is because I am a woman that I have been forced into the spotlight. The credit for the flight is due to Stultz. He controlled the plane practically throughout and was just splendid."

"Hubs" With Cruisers
Warsaw.—The Government has ordered three light cruisers to anchor in the mouth of the Vistula as a gesture to Danzig that Poland will brook no interference with her development of merchant marine. This action followed recent difficulties with Danzig Port and Customs authorities, who refused to allow several Polish freighters docking or anchoring facilities at Danzig pier. Danzigers protest that the ships are a menace and constitute a danger to the safety of the city.

Will Make World Tour
Minneapolis.—James W. Davidson, author, explorer and diplomat, a resident of Calgary, Alta., has accepted appointment as special representative of International Rotary for a tour around the world to visit clubs already organized in some countries and survey other countries not yet in Rotary.

Attending Authors' Convention
Toronto.—A contingent of Toronto members of the Authors' Association will attend the annual convention in Calgary which opens July 4, including Dr. Charles G. D. Roberts, the National president E. M. Hardy, the National secretary and J. M. Elson, treasurer.

Had Narrow Escape

Window Cleaner Clings To Sill On Third Story Until Rescued

Winnipeg.—Clinging desperately with his fingers to a window sill on the third story of the Grain Exchange building here, Steve Haluszka miraculously saved himself from death. He was cleaning windows and was adjusting his safety belt when the heavy steel shaft of a crane, knocking him off the space. As he plunged downward he caught the sill just before the shaft crashed down on his fingers, crushing them badly. He held on with all his strength until his plight was discovered and he was rescued.

Caught In Snowstorm

Colorado Tourists Marooned At Summit Of Pike's Peak

Colorado Springs, Colo.—Twenty-five tourists have been rescued from the summit of Pike's Peak after being marooned there for 24 hours by the worst spring snowstorm to visit this region in several years.

Several children were in the group, which had been isolated by great heaps of snow which covered the upper regions of the 14,000-foot mountain. Word of their plight was brought here when telegraph communications were restored and a snow plow fought through the drifts and reached the stranded tourists.

EFFORTS MADE TO PUSH WORK ON H. B. ROAD

Ottawa.—Work continues to be pushed on the Hudson Bay Railway, with considerable grading in progress. Whether the road will be finished by the end of 1929, as anticipated, cannot yet be said; but all efforts are being made during the season to finish those parts that can be worked on.

The northward course of the road occurs at Mileage 356 (from The Pas), a few miles northeast of Kettle Rapids. From there the railway will run almost due north to Fort Churchill, avoiding contact with Fort Nelson altogether. Churchill is at Mileage 512, which would indicate that 156 miles of steel still remain to be laid.

With regard to the Fort Churchill itself, officials of the department of railways recall that when Hon. Mr. Dummer was head of his policy respecting real estate speculation there, he declared that the government had expropriated all lands on the east side of the harbor, where the dock works will be constructed. Compensation for this will be decided in the exchequer court in due time.

Most of the land for the townsite of Churchill was the property of a settler named Beach, who established himself there and homesteaded many years ago. He is now dead, but his heirs are scattered throughout Canada and they will be recompensed for the expropriations.

The loss of the dredge off the Labrador coast last year may delay the harbor works for some time. Throughout the winter a great deal of material was salvaged at Port Nelson and forwarded to Fort Churchill by motor-tractor; other material has been floated up the bay.

An aeroplane base will be established within a few weeks as soon as the ice conditions in the immediate vicinity of Fort Churchill have become such as to enable the department of national defence planes now at Comorant Lake, north of The Pas, to make the trip to the port.

WILL GIVE CANADA HELPING HAND

Photograph shows a happy group of young women who arrived in this country recently for domestic work, positions having been secured them before leaving the Old Country.

They arrived in Montreal after a pleasant voyage on the Canadian Pacific Steamship "Melita" with the ship's conductress, who is seen in the centre of the group, and who advised them that it was better to work for a salary and be independent than just to work at keeping house.

B.C. PROVINCIAL ELECTIONS

Hon. John D. MacLean, of British Columbia, who will lead the Liberal party in a test of strength in July, when a general election will be held. Premier MacLean who is a native of Prince Edward Island, succeeded to the chairmanship of the provincial Liberal party on the death of the Hon. John Oliver last year.

Scottish Youths For Canada

Inspector Comes To Dominion To Study Conditions Here
Toronto.—James M. Maltman is relief inspector of the Glasgow, Scotland, parish council. Interest in migration problems affecting the old country has brought him to Canada for the purpose of studying conditions as they have to do with youths who come out under the land settlement act.

"There are 8,000 people in our parish receiving relief," he said. "We quite appreciate that migration to Canada is not a solution to our problem, but we do feel that many Scotch lads, after they are hand-picked, tested and trained in farm work, may make good settlers for Canada."

"We are most particular as to what type of boy we train and never accept those who have been in a reformatory or are of doubtful character." He brought out with him 30 youths who are already placed on farms in the Dominion.

Storm Takes Heavy Toll

Tornadoes Cause Death and Destruction In Southwestern States

Kansas City, Mo.—Three more deaths and millions of dollars of property damage were added to the toll taken by storms in the Southwest. Tornadoes again visited communities in Oklahoma, and high winds, floods and hail scattered destruction in sections of Kansas and Missouri.

The three deaths reported recently brought the total dead to 12 and more than a score of names were added to the long list of injured. The Red Cross reported 2,200 persons homeless, many of them destitute.

New Settlers Coming

London.—The families of 30 soldiers will be settled in Canada next spring under the new scheme of land settlement for military and naval families. It has been announced. The age of the head of the family will not exceed 40 years except in particular circumstances where the family is regarded as very desirable, in which case the age limit will be raised to 45.

Trade Treaty Signed

Vienna, Austria.—A treaty of amity and trade between the United States and Austria has been signed by Chancellor Seipel and United States Ambassador Albert Henry Washburn.

All Europe, moved for days by the dramatic plight of Nobile in hearing and seeing relief 'planes' overhead but being unable to give him position, tonight was anxiously waiting for word from Amundsen. Captain H. Ruler-Larsen returned from his fourth reconnoitering trip over the ice without having seen anything of Nobile or the other two parties of the Italia's crew. Larsen said the radius of flight of his machine was too small and suggested an icebreaker be sent to North Cape, rescue the three men of Nobile's crew who left him in an attempt to walk to the mainland. The rescue ship Braganza is unable to advance further toward the east because of packed ice.

Must Make Restitution

Chicago Mayor and Three Others Owe \$1,732,279 To City Treasury
Chicago, Ills.—Mayor William Hale Thompson, Michael J. Flaherty, George F. Harding and Percival H. Coffin, public administrator and three real estate experts, were found in circuit court to have conspired together in hiring the real estate men to do special work under the last Thompson administration at a cost to the city of \$1,732,279. Judge Fugo Friend ordered the defendants to make restitution of that sum to the city treasury.

The court, terminating the two-year old suit, found the conspiracy had a two-fold purpose, "financing the political activities of the Thompson administration, and for the private benefit of the members of the conspiracy."

Says Navy Best Defence

Preserves Unity Of Empire Declares President Of League

Saint John, N.B.—Treaties and pacts could never take the place of the "sure shield" the navy—declared President Sam Harris, Toronto, before the annual meeting of the Navy League here. The unity of the Empire, he said, depended on the naval defence. He asserted Canada should put its face towards protection of its overseas trade.

The session was taken up with a presentation of the financial statement of the organization, which showed the League with highly satisfactory resources. Endowment fund securities amounted to \$455,000. Surplus in the general fund, December 31, 1927, was \$19,721.53. It was reported.

Lynching Is Condemned

Population Of Texas City Is Stirred Over Outrage

Houston, Texas.—Stirred by the first lynching here in 50 years, municipal, county and state officials joined in an intensive search for eight unmasked white men who took Robert Powell, 24-year-old negro slayer, from a hospital cot and hanged him from a bridge.

The fact that the lynching took place while the national political spotlight is turned on the city caused officials particular concern, and quick steps were taken in an effort to fix responsibility.

An appropriation of \$10,000 was voted by the city council for an investigation by a committee of six, two members of which are negroes.

NOBIL PARTY RECEIVE RELIEF AFTER LONG WAIT

King's Bay, Spitzbergen.—General Umberto Nobile and five of the crew of the lost dirigible Italia were found on an ice floe by Major Maddalena, Italian aviator. He dropped them guns, ammunition, food and cigarettes, while the castaways danced joyfully about their desolate encampment. Maddalena was unable to make a landing.

This first relief for the Italian explorers came twenty-six days after their dirigible, returning from a flight over the North Pole, was weighted with ice, suddenly descended, smashed the gondola in which Nobile and eight of his crew were riding, and carried the remainder in the unmanageable balloon northward before a gale.

The S-55, a huge seaplane, was sent from Italy by the Italian Government in the belief that its wide cruising radius would be more useful in the search than the smaller seaplanes furnished by the Swedish and Norwegian governments.

The S-55 was manned by Maddalena, Lieut. Cagna as co-pilot, with radio operator Abelli and Mechanic Sergeant Rampini, who had come with the plane on its flight from Italy.

All Europe, moved for days by the dramatic plight of Nobile in hearing and seeing relief 'planes' overhead but being unable to give him position, tonight was anxiously waiting for word from Amundsen. Captain H. Ruler-Larsen returned from his fourth reconnoitering trip over the ice without having seen anything of Nobile or the other two parties of the Italia's crew. Larsen said the radius of flight of his machine was too small and suggested an icebreaker be sent to North Cape, rescue the three men of Nobile's crew who left him in an attempt to walk to the mainland. The rescue ship Braganza is unable to advance further toward the east because of packed ice.

BRITISH PRESTIGE AMONG NATIONS IS MAINTAINED

Minneapolis.—England not only has maintained her prestige among nations, but will yet become neighborly. Sir Donald MacLean, member of the coalition cabinet and former Liberal whip in the House of Commons, told delegates from the British Empire to the International Rotary Convention here.

Speaking before a British Empire dinner, Sir Donald told his countrymen that England in conjunction with the United States and Canada could make the future destiny of the world more worthy of Christian civilization.

He maintained England made a remarkable recovery from her ills and he defended the "dole" system. "It is an entire mistake to suppose that the best days of the old country are over," Sir Donald said. "On the contrary, the people who lost eight hundred thousand men in the Great War, who brought the pound sterling to a low level, who lost square in the face, who restored the gold standard and brought her general credit to a status almost equal to pre-war days, are people who are confident and efficient."

Sir Donald said he was interested in noticing the enormous impression in the United States of the "dole" system. This was a misnomer he said, as unemployment pay came out of the national system of insurance works, not like contributions to the dole which the state, employer and worker shared.

"When the worker drew his unemployment pay it was no charitable 'dole' but a sum which he earned honorably."

May Be Lost In North

Fear Entertained For Missing Trapper In Northern Alberta

Edmonton, Alta.—The hazards faced by the men who go into the northland in quest of furs is once again exemplified by reports from northern detachments of the Alberta Provincial Police reaching Edmonton headquarters.

A telegram received from Constable Baynes of Port Fitzgerald, says that fears have been expressed for the safety of Walter Renner, a trapper from the northwestern part of Alberta. The trapper is now long overdue, and a party headed by the constable are on the trail in search of the missing man.

In his lonely shack on the Athabasca river, 70 miles down river from the town of Athabasca, John Wickstrom, 70, old-time trapper, was found dead in his bed. It is thought that he peacefully passed away in his sleep.

Planning Westward Flight

Trip Not Yet Properly Accomplished Says Harry Lyon

Sydney, N.S.W.—Harry W. Lyon, the American navigator of the trans-Pacific plane "Southern Cross," announced that when he and his fellow countryman, James W. Warner, the plane's radio operator, returned to the United States, they would prepare for a flight from Ireland to America. He added that they would invite Captains Charles Kingsford-Smith and Charles Uton, the Australian pilots, to participate in it.

Lyon contended that the westward crossing of the Atlantic had not yet been properly accomplished.

Will Visit Winnipeg

Winnipeg, Man.—Winnipeg will be honored by a visit from Lord and Lady Willington, Saturday, July 7, when His Excellency has consented to formally open the Norse celebration in River Park, according to information received by J. S. McDermid, M.P., who has been in communication with Rideau Hall.

Used New Route

Ottawa.—A radio greeting from Hon. James O'Ready, Governor of the Island of Texma, to the Prime Minister has been received here. The Antipodean governor's message was sent in connection with the recent inauguration of beam wireless between Canada and the Australasian Dominions.

Was Coveted Medal

Portland, Ore.—Sir Robert Phillips, of Edinburgh, president of the British Medical Society, was awarded the Trudeau medal, most coveted prize offered to scientists fighting tuberculosis. The award was announced at the convention here of the National Tuberculosis Association.
